Limite de 3 par client. Les textes prévalent pour l'identification et le format. Pas de vente aux marchands. Jusqu'à épuisement des stocks. Pour la liste complète des marchands, consultez notre site Internet : familiprix.com. Les points Familiprix de base (seuls pour chaque dollar dépensé à l'achat de produits admissibles, sur présentation d'une carte Familiprix valide) sont calculés en fonction du montant total net (prix d'achat moins les rabais) avant les taxes ou autres frais légaux. (en de promotion, des points supplémentaires (calculés à partir du nombre de points de base) pourraient être octroyés à l'achat de certains produits, excluant les médicaments vendus avec ou sans ordonnance et autres produits visés par la Loi sur la Pharmacie et ses règlements (pour le Québec seulement).) **1°** si le prix d'un bien affiché est supérieur au prix annoncé, le prix le plus bas prévaut et a) le consommateur reçoit gratuitement le bien au consommateur si le prix exact du bien est de 15 \$ ou moins; b) le consommateur reçoit le prix et s'accorde au consommateur un rabais de 15 \$ sur le prix ainsi corrigé, si le prix exact du bien est supérieur à 15 \$. **2°** lorsque la même erreur se reproduit à l'égard de biens identiques lors d'une même transaction, le consommateur reçoit chacune des erreurs et s'indemnise le consommateur conformément au paragraphe 1 qu'à l'égard d'un seul de ces biens; **3°** la politique d'exhaustivité des prix s'applique même si l'erreur est constatée avant que la transaction ne soit complétée, à la condition, toutefois, que le consommateur achète le bien; **4°** la politique d'exhaustivité des prix ne s'applique pas à l'égard d'un bien spécifique si son application a pour effet de contrevenir à une loi ou à un règlement.

Limit 3 per customer. Product descriptions always prevail over illustrations. No sale to merchants. While supplies last. For the complete list of stores, visit our web site at: familiprix.com. Familiprix base points (issued for each dollar spent on the purchase of eligible products on presentation of a valid Familiprix card) are calculated based on the total net amount (purchase price minus discounts) before tax and other legal fees. During promotions, additional points (calculated according to the number of base points) may be granted for the purchase of certain products, excluding over-the-counter or prescription medications and other products subject to the Pharmacy Act and its regulations (for Quebec only). Program details and the list of participating pharmacies at familiprix.com/familiprix. Some flyer promotions may not apply online at <http://imaginaire.familiprix.com/en> and vice versa. Online prices may differ from those in pharmacies and from one pharmacy to another. Product availability and promotions may also vary.

POLITIQUE D'EXACTITUDE DES PRIX
Le commerçant doit adopter et appliquer, pour chacun des établissements qui desservent de la règle d'étiquetage individuel des produits en indiquant le prix à proximité des articles (ex. : sur les tablettes) en utilisant, notamment un lecteur optique à la caisse, une politique d'exhaustivité des prix offrant aux consommateurs une indemnisation correspondant aux normes minimales suivantes en cas d'erreur défavorable au consommateur : **1°** lorsque le prix d'un bien enregistré à la caisse est supérieur au prix annoncé, le prix le plus bas prévaut et a) le consommateur reçoit gratuitement le bien au consommateur si le prix exact du bien est de 15 \$ ou moins; b) le consommateur reçoit le prix et s'accorde au consommateur un rabais de 15 \$ sur le prix ainsi corrigé, si le prix exact du bien est supérieur à 15 \$. **2°** lorsque la même erreur se reproduit à l'égard de biens identiques lors d'une même transaction, le consommateur reçoit chacune des erreurs et s'indemnise le consommateur conformément au paragraphe 1 qu'à l'égard d'un seul de ces biens; **3°** la politique d'exhaustivité des prix s'applique même si l'erreur est constatée avant que la transaction ne soit complétée, à la condition, toutefois, que le consommateur achète le bien; **4°** la politique d'exhaustivité des prix ne s'applique pas à l'égard d'un bien spécifique si son application a pour effet de contrevenir à une loi ou à un règlement.

PRICE ACCURACY POLICY
Retailers must adopt and apply a price accuracy policy for each of their establishments that exempts itself from the rule of individual product labelling by indicating the price close to the items (e.g. on shelves) using, as for example, an optical reader at the checkout, in order to compensate consumers based on the following minimum standards in the event of an error to the consumer's detriment: **1°** if the price of an item shown at checkout is higher than the advertised price, the lower price must be used and a) if the item costs over \$15, the merchant must give it to the consumer for free; b) if the item costs over \$15, the merchant must give it to the consumer for free; c) if the item costs over \$15, the merchant must give it to the consumer for free; d) if the item costs over \$15, the merchant must give it to the consumer for free; e) if the item costs over \$15, the merchant must give it to the consumer for free; f) if the item costs over \$15, the merchant must give it to the consumer for free; g) if the item costs over \$15, the merchant must give it to the consumer for free; h) if the item costs over \$15, the merchant must give it to the consumer for free; i) if the item costs over \$15, the merchant must give it to the consumer for free; j) if the item costs over \$15, the merchant must give it to the consumer for free; k) if the item costs over \$15, the merchant must give it to the consumer for free; l) if the item costs over \$15, the merchant must give it to the consumer for free; m) if the item costs over \$15, the merchant must give it to the consumer for free; n) if the item costs over \$15, the merchant must give it to the consumer for free; o) if the item costs over \$15, the merchant must give it to the consumer for free; p) if the item costs over \$15, the merchant must give it to the consumer for free;
